

## Mayne Island Lions Club: Eyeglass Collection Program

Lions contact: Alan Guy, 250-539-9876

---

Previously owned eyeglasses are gathered up monthly from a number of drop off points on Mayne Island. They are gathered up monthly and delivered to an optical service off-island. The collected items are then forwarded by this service to one

of various locations across Canada where the prescription is read by a lensometer, then cleaned, repaired, catalogued, then distributed to areas of need around the world. Clinic staff in each country examine the patient and match their needs to with the donated eyewear.
